

Cleartech Portal 4.8 Upgrade

As part of an upgrade, an update for the Cleartech Portal to Version 4.8 will be released by **03 November 2019**. No downtime is expected.

1. For Clearing Member Users: Additional Limit types in Risk Manager

Total Value and Total Value Per Trade are the new additions to the Limit types.

Value is derived from **Price x Quantity**.

If you encounter any issues, you can reach EEX Asia Market Operations at **+65 6206 9828** or via email at marketops@eexasia.com.

Refreshing your page (Ctrl+F5) or logging out and back in prior to use is recommended. Thank you for your continued support.
