

## Market Operator

**EEX Asia is a commodity derivatives exchange based in Singapore. We run a regulated electronic trading marketplace and wish to recruit market operators who like the challenge of working in a dynamic environment to join our team. We will only consider applicants who are able to start work immediately.**

The successful candidates will be responsible for monitoring market activities and ensuring the smooth running of the exchange for all users.

Within this role your responsibilities will include:

- Monitoring market activities and trades
- Producing regular reports of exchange activity
- Maintaining the exchange's static data
- Performing client sign-up, KYC and account opening procedures
- Investigating trade discrepancies and performing trade amendments and cancellations
- Assisting market participants with queries and providing client support
- Managing projects and process improvements

Successful candidates for the role must demonstrate:

- Maximum 1 year of working experience; fresh graduates are encouraged to apply
- Willingness to work flexible hours and shifts is a must
- High level of motivation with excellent attention to detail and a commitment to producing high quality work under pressure
- Good oral and written communication skills and the ability to communicate effectively with peers, management and clients
- Ability to think out of the box and approach tasks with a holistic approach
- Ability to contribute to business development through strategy and tactical input
- Tertiary qualifications in Finance, Economics and/or Business preferred
- Strong IT literacy, preferably familiarity with electronic trading venues and common office software packages

Interested parties should send a copy of their CV with a covering letter to: [careers@eexasia.com](mailto:careers@eexasia.com)

Note: Only shortlisted candidates will be notified.
